Tire Protection Plan

EXCELLENCE IN PROTECTION

Your tires create the traction to move you forward. To help protect them from covered road hazards, there is the Cadillac Tire Protection Plan. If the road throws you something unexpected, you'll have the coverage to manage it quickly and efficiently.

COVERAGE

- Available on eligible tires (see contract for details).
- Begins on the date of purchase as shown on the Registration Page.
- Coverage is available for 36 months or 60 months from the date of purchase.

TIRE REPAIR

If your tire is damaged due to a covered road hazard, the repair will be covered up to \$25 per occurrence. Reimbursement is limited to two tire repair claims during the coverage term.

TIRE REPLACEMENT

If your tire is damaged due to a covered road hazard and cannot be safely repaired, your tire will be replaced with one of equal or similar features and functionality. The Plan will pay for the following services, up to \$15 total per covered tire replacement: mounting, balancing, valve stem, Tire Pressure Monitoring System, and taxes.

LIMITATIONS

The total amount that the Plan will pay for all claims will not exceed the lesser of the original purchase price of the covered tire as shown on the original receipt; OR \$399 per covered tire; OR the current retail price of the covered tire; OR one replacement of your covered tire in the event that the covered tire cannot be repaired.

Note: In the event your tire sustains covered damage, take the vehicle to the Cadillac dealership where you purchased the tire. You must maintain your vehicle and the covered tire per the manufacturer's specifications.

NO DEDUCTIBLE

Authorized repairs or replacements are covered without requiring the payment of a deductible.

CANCELLATION

If no claims have been made, you may cancel the Plan within 10 days of purchase for a full refund. The Plan is generally noncancelable after 10 days, but see the Terms and Conditions for state-specific cancellation and refund information.

EXCLUSIONS*

- Losses resulting from normal wear, dry rot, mechanical failures, collision, overloading, improper installation, and abnormal wear caused by misaligned or suspension problems.
- Cosmetic damage (i.e., scuffs, scratches, discoloration).
- Losses covered under any manufacturer's warranty, manufacturer recall, or automobile insurance policy.

*Not a complete list of exclusions.
