THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT.
THERE’S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.

At Cadillac, we’ve set out to create our own uniquely American breed of extraordinary. It’s why we’ve created our own daring school of design that bends steel way beyond its comfort zone. It’s why we’ve pushed technology two generations ahead by pioneering a bold new way for drivers to intuitively access entertainment and information with the flick of a finger. And why, in everything from safety to performance, we’re setting the standard.

BOLD. DARING. ORIGINAL. These are the kinds of luxury vehicles we build. It takes tenacity, a refusal to leave well-enough alone. That is the difference between good and great. That is the difference between just making luxury vehicles, and making Cadillacs.

Cadillac
Maybe it’s the fact that they come with a larger-than-life presence. Or that they’re renowned the world over. But to really define what creates an icon, you have to dig deeper. And that’s where the Escalade cements its status. By any measure, it continues to redefine the category.
From its dramatic grille to its vertical LED taillamps, the Escalade is iconic in every detail. Its commanding presence is backed by a 6.2L V8 engine that delivers tremendous yet refined power. A comfortable ride is ensured by available Magnetic Ride Control—a class-exclusive suspension system. It incorporates computer-controlled real-time damping that reacts in the blink of an eye to changing road conditions. No matter which Escalade model you choose—Escalade or ESV—you’re assured of exceptional towing capability. Add in the availability of All-Wheel Drive, and you have total driving confidence. Inside, every detail has as carefully considered as on the outside. The supple surroundings are highlighted by leather trim, burled accents and spacious seating for up to eight. It all adds up to an SUV experience unlike any other.

LUXURY AND CAPABILITY
ON A GRAND SCALE.

ADAPTIVE REMOTE START
From up to half a football field away, the engine can be started, the interior heated or cooled and the heated seats activated, depending on the outside temperature.
ESCALADE PLATINUM / White Diamond Tricoat

ESCALADE
No matter where you’re seated, luxury and thoughtful details surround you. The interior flows seamlessly, from the touch-screen navigation in the artfully designed instrument panel to the available Rear-Seat Entertainment System with a roof-mounted flip-down 8” screen. The seating alone is a brilliant combination of both comfort and engineering: 14-way power-adjustable front seats with heated and cooled seatbacks and cushions, and a driver’s seat that includes memory settings for two drivers. Once you slip behind the wheel, you’re front and center at the most compelling show on the road.

BOSE® CABIN SURROUND™ SOUND SYSTEM
It begins with 10 speakers, and then adds AudioPilot™ noise compensation technology that automatically adjusts the volume based on exterior noise to enhance the already rich sound quality.

AN OVERACHIEVER.
INSIDE AND OUT.
The Escalade ESV’s extended wheelbase adds length (20” longer than the Escalade) that gives it the same seating for eight adults with even more cargo capacity than the Escalade. Navigating is made easier with a Rear Vision Camera display, while the available Side Blind Zone Alert™ built into the exterior rearview mirrors alerts you when another vehicle has entered your blind spot. For those times when you need more space, the ESV delivers full-size accommodations along with the luxury for which Escalade is famous.

**MORE SPACE. MORE CAPABILITY.**

**IN OTHER WORDS, MORE ESCALADE.**

The power liftgate can be opened or closed using either the key fob or a switch in the overhead console. Additional controls on the liftgate also allow one-finger operation from the back.

1. Before making a lane change, always check the SBZA display and the side and inside mirrors, look over your shoulder for traffic and signals. See instructions under your local laws.
Glance inside the Escalade ESV, and you’ll admire not only its leather and burled accents, but also its ability to accommodate just about anything. In fact, it offers the most cargo room in its class—137.4 cu. ft., almost 30 cu. ft. more than Escalade. The reclining second-row bucket seats have heated seat cushions and an available power release function that folds them forward. The third row features 50/50 split-bench seats that adjust individually and can be folded, tumbled forward or totally removed, depending on your needs. And, thanks to the power liftgate, accessing all that space is effortless.

1. Cargo and load capacity limited by weight and distribution.
Bold and captivating, the Escalade makes a powerful statement. Adding to its formidable presence on the road is a 403 HP 6.2L V8 that creates a vehicle with immense power at your disposal. Among its fuel-saving features is Variable Valve Timing that controls the valves during intake and exhaust, enabling the engine to operate more efficiently.\(^1\)

Available All-Wheel Drive and a rear locking differential get all 403 HP to the pavement with confidence. Once on your way, available Magnetic Ride Control helps maintain a balanced ride. In the time it takes you to blink, this suspension system has monitored the road 1,000 times. Magnetic particles suspended in a fluid then react to a magnetic field and instantly align to provide the proper damping.

The Escalade Platinum:

We considered every detail when it came to creating the Platinum. Experience the richness of its glove-soft Aniline leather that wraps heated and cooled front seats. The fine craftsmanship is also evident in the leather-wrapped instrument panel top pad and upper door trim, as well as the distinctive grain in the olive ash and burled walnut wood trim with decorative inlays. We've even considered your favorite beverages and provided heated and cooled cupholders. Wherever your travels take you, you'll appreciate the touch-screen navigation with NavTraffic® standard for three months, that keeps you informed of the latest traffic conditions. The Platinum is the most luxurious Escalade we have ever made. And, given our history, that's a considerable achievement.

Even the pinnacle has a high point.

We considered every detail when it came to creating the Platinum. Experience the richness of its glove-soft Aniline leather that wraps heated and cooled front seats. The fine craftsmanship is also evident in the leather-wrapped instrument panel top pad and upper door trim, as well as the distinctive grain in the olive ash and burled walnut wood trim with decorative inlays. The Platinum is the most luxurious Escalade we have ever made. And, given our history, that's a considerable achievement.
With the available Premium Collection, the Escalade makes a powerful statement both in its styling and upscale appointments. Outside, monochromatic exterior accents and integrated dual-exhaust outlets lend a distinct appearance. Inside, a Rear Seat Entertainment system with a roof-mounted 8” screen (two screens in ESV models) and wireless headphones provides rear-seat passengers with hours of entertainment. This Collection also features Magnetic Ride Control suspension that reads the road and then instantly adjusts to help provide a smooth, controlled ride. To top it off, 7-spoke 22” ultra-bright machined-finish wheels and the convenience of power-retractable assist steps further complement what is already an impressive package.
The power tilt-adjustable steering wheel features integrated controls for audio and cruise. Both driver and passenger seats are 14-way power adjustable, and the driver’s seat memory function stores the preferred settings for up to two drivers.

Because the subtle details make the boldest statement.

Step inside Escalade with the available Luxury Collection, and you’ll find a beautifully appointed cabin with amenities like a power-adjustable, wood-trimmed heated steering wheel—a welcome feature on a chilly morning. You’ll also appreciate the convenience of second-row power-release seats that make it easier for rear passengers to enter. There’s also revolutionary Magnetic Ride Control suspension that helps smooth out the ride. This Collection also features the brilliance of IntelliBeam headlamps. This technology automatically switches between low and high beams when oncoming headlamps are sensed, or when taillamps are detected in front of you.

Complementing the Escalade’s commanding presence are striking 22” chrome aluminum wheels. And overhead, there’s a power-sliding sunroof that opens to the heavens above.
SAFETY

BENEATH ITS POLISHED SHEET METAL RESIDES

A CHISELED SUIT OF ARMOR.

It starts with a protective safety cage constructed with ultra-high-strength steels and other highly advanced materials for exceptional rigidity and strategically placed crumple zones. Then we add preventive safety features like the StabiliTrak Electronic Stability Control System with traction control that’s designed to improve vehicle stability on most road surfaces, especially during emergency maneuvers. A sophisticated antilock braking system (ABS) and Electronic Braking Force Distribution help balance stopping power between the front and rear brakes.

In addition to eight standard airbags, there’s also the confidence that comes with front safety belt pretensioners that lock the safety belt to help better secure occupants during a crash. Additionally, rollover mitigation sensors that detect a rollover trigger the pretensioners when air bags are opening.

For added peace of mind, there’s OnStar® standard for one year, with Automatic Crash Response. In most crashes, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor, who is immediately connected into your car to help.

CADILLAC SHIELD
THE STANDARD OF LUXURY OWNERSHIP

WARRANTY PROTECTION
Cadillac’s 4-year or 70,000-mile1 Powertrain Warranty offers more years and miles standard than BMW and Mercedes-Benz. In addition, our 4-year or 50,000-mile2 Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor; to correct problems in material or workmanship.

PREMIUM CARE MAINTENANCE
Standard on all 2011 and newer vehicles, Cadillac’s Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection. For 4 years or 50,000 miles1, Mercedes-Benz and Lexus programs do not.

ROADSIDE ASSISTANCE
Cadillac offers more years of Roadside Assistance than any leading luxury brand, with Dealership Technician Roadside services, and more. Including lockout, towing, refueling, navigation system, if equipped. You can also download voice-guided turn-by-turn directions to your Cadillac, and a voice will call out every turn or send them to your navigation system. If equipped, you can also plan routes using MyCadillac.com and send them to your Cadillac.

COURTESY TRANSPORTATION
This Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 4 years or 70,000 miles. That’s more years of service standard than any luxury automaker.

NAVIGATION BY ONSTAR
Just push the OnStar button and an Advisor can download voice-guided turn-by-turn directions to your Cadillac, and a voice will call out every turn or send them to your navigation system. If equipped, you can also plan routes using MyCadillac.com and send them to your Cadillac.

CONNECTIONS BY ONSTAR
Available only with Free-Calling capability from OnStar®4 allows you to make and receive calls while in your Cadillac. With the OnStar® RemoteLink™ mobile app, you can access real-time information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with RemoteLink® and send directions right to your vehicle.

SECURITY BY ONSTAR
If your reported your Cadillac stolen, OnStar® can use GPS technology to help authorities locate and recover it. An OnStar Advisor can further assist authorities by enabling a remote Stolen Vehicle Slowdown® to stop your vehicle to slow it down. Advisors can also enable a Remote Ignition Block, making it impossible to restart a stolen vehicle if it has been turned off.

MYCADILLAC APP
The ingenuity of the Escalade doesn’t stop with the vehicle. As a Cadillac owner, an advanced complimentary app is available for your one-stop-from virtually anywhere anywhere anytime. Just tap on your finger on your iPhone or Android smartphone let you access features like parking reminders, Remote Start and more. Plus, in conjunction with the OnStar® RemoteLink™ app, you’ll have the ability to remotely start your vehicle from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel level, tire pressure, and remaining oil life.

Diagnostics by OnStar
With access to diagnostic data from OnStar®, maintaining your Cadillac can be as simple as checking your e-mail on your mobile device.

SOS
Emergency Assist
When most people think of OnStar®, they think of calling for roadside help. An OnStar Advisor can automatically alert an OnStar® Advisor who is immediately contacted by your Cadillac. You can even send a real-time location, using OnStar® Emergency Services, to include your vehicle’s location and vehicle data. You’ll also receive a real-time location of the Advisor who is immediately dispatched to your vehicle to help you.

EMERGENCY BY ONSTAR
In most crashes, built-in sensors can automatically alert an OnStar® Advisor who is immediately contacted by your Cadillac. You can even send a real-time location, using OnStar® Emergency Services, to include your vehicle’s location and vehicle data. An OnStar® Advisor will be immediately dispatched to your vehicle to help you.
We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time without notice in prices, colors, materials, equipment, accessories, models and availability.* Specifications, dimensions, measurements, weights and other data in this catalog and other printed materials provided by the manufacturer or other sources are approximate based on previous engineering drafts and production tolerances. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

*ONSTAR

OnStar services require vehicle information system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar with a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar’s Terms and Conditions, Privacy Policy and details and system limitations.

*ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

*TIRE SEALANT AND COMPRESSOR KIT

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair. An out-of-service warning label with instructions for use may be affixed to the tire. The tire sealant cannot be used on tires that have unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

*ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. The components and/or production work may not be exactly the same. Since some options may be available only after your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered, or, if there are changes, that they are acceptable to you.

*UPDATED SERVICE INFORMATION

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

*NEW-VEHICLE LIMITED WARRANTY

World-class coverage comes standard on every 2013 Cadillac. This warranty is for Cadillac vehicles registered in the U.S. If a new vehicle is driven solely for business purposes, this warranty is for Cadillac vehicles registered in the U.S. and in countries that have similar laws.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST) Powertrain Limited Warranty with no deductible, Roadside Assistance Program,1 Courtesy Transportation Program 1

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST) Bumper-to-Bumper coverage; Tires—Defects in material and workmanship; Repairs made to correct any vehicle defects; Corrosion on body sheet metal panels.

RUST THROUGH PROTECTION Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included with Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS

Some standard content may be deleted with fleet orders. See dealer for details.

*Note: OnStar subscription, Premier and Executive Subscription Plans are not a part of the New Vehicle Limited Warranty. The OnStar subscription is a separate service agreement. For more information, call 1-888-4ONSTAR (466-7827) or visit onstar.com. Some state laws may require that you accept the OnStar subscription service. OnStar services require vehicle information system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.
